Helping Family Businesses to Flourish!

Family Business Australia is the peak body for family and private business in Australia. Our members include multi-generational family businesses, first generation operators, multi-sibling/cousin owned businesses and their advisers.

We advocate on behalf of our members, promote their successes and foster their sustainability and longevity. Our support programs are designed to build stronger families and healthier businesses.

Our education programs foster entrepreneurship, innovation and family business best practice. We provide access to specialist family, business and technical services. Our networking events generate opportunities for families in business to learn and grow by networking and sharing with their peers. Family Business Australia assists members to reach their full potential.
